1. Bidder agrees, if this bid is accepted, to enter into a contract with the
Department, in the form included in the Standard Specifications, to perform
the work provided in the Contract under the terms of the Contract for the
price or prices bid.

For a lump sum or unit price based bid, Bidder additionally agrees to perform

For a cost plus time based bid on a contract with a plant establishment or
permanent erosion control establishment period, Bidder additionally agrees to
perform the non-establishment work within the number of working days bid for

2. For a lump sum based bid, Bidder submits this bid with a total price in the
total bid space provided on the Bid Item List. For a unit price or cost plus
time based bid, Bidder submits this bid with a unit price and the item total
(the product of the unit price and the quantity) for each item and a total
price (the sum of the item totals) in the spaces provided on the attached Bid
Item List. For a unit price with additive item based bid, Bidder submits this
bid with a unit price and an item total for each item and a total base bid
(the sum of the item totals) and the additive items in the spaces provided on

2.1.1 If the unit price is omitted, or the same as the item total, the item total prevails and the unit price is the quotient of the item total and the quantity.

2.1.2 If a decimal error is apparent in the product of the unit price and the quantity, the Department will use either the unit price or item total based on the closest by percentage to the unit price or item total in the Department's Final Estimate.

2.2 If the unit price and the item total are omitted, the bid may be determined nonresponsive. If a lump sum total price is omitted, the bid may be determined nonresponsive.

2.3 Bids on lump sum items are item totals. If a unit price for a lump sum item is entered and it differs from the the item total, the item total prevails.

2.4 Entries are to be expressed in dollars or decimal fractions of a dollar. Symbols such as commas and dollar signs are ignored and have no significance in establishing unit price or item total.

2.5 Unit prices and item totals are interpreted by the number of digits and decimal placement. Do not round item totals or the total bid.

2.6 For a lump sum based bid, the item total is the bid amount the Department uses for bid comparison.

   For a unit price based bid, the sum of the item totals is the bid amount the Department uses for bid comparison.

   For a cost plus time based bid, the sum of the item totals and the total bid for time is the bid amount the Department uses for bid comparison.

2.7 The Department's decision on the bid amount is final.

4. Bidder submits this bid with one of the following forms of bidder's security equal to at least 10 percent of the bid, including any additive items:
