NOTES:
1. Verify pole dimensions at terminal compartment.
2. Backing plate to be galvanized after fabrication.
3. 3/8" x 0.044" minimum, rounded edge stainless steel straps, double wrapped with 2" long bend under stainless steel strap buckle.
4. For miscellaneous details for signal mounting not shown see Standard Plan ES-4D.
5. If the terminal compartment has a cable entry guide on the rear face, remove the cable entry guide to a level that will not interfere with the terminal compartment. Close any unused cable entry locations with rainproof caps.
