NOTES:
1. Refer to applicable Standard Plan for additional mounting details.
2. Beveled washer for tapered flange only.
3. Elevator head bolt, hexagon nut, and lock washer shall be 3/8" diameter (18-8) stainless steel.
4. Furnish retroreflective stick-ons for bolt head in same color as sign. Apply during installation.
5. One unit of A-2 hardware shall consist of one each bolt, nut, lock washer and beveled washer. Quantity listed includes 1 spare unit.
6. Signs 9'-2" and 10'-0" in depth may be fabricated in three panel sections to avoid legend from being placed on a horizontal seam. Increase number of units of mounting hardware accordingly.
