2. Place an equal amount of washers on each side to align cable with end lug without restricting shackle bolt rotation or contacting cable.

1. For walkway grating details, see Standard Plan S141.

NOTES:

1. Place an equal amount of washers on each side to align cable with end lug without restricting shackle bolt rotation or contacting cable.

2. For walkway grating details, see Standard Plan S141.

NOTES:

Backside weld lug shall be installed only for projects requiring backside walkways.
